How would you describe the resort?

Mana Kai Maui (Spirit by the Sea and Maui) is a sparkling jewel that places you right where you want to be — and steps from the soft sands of Keawakapu Beach. Both the Mana Kai Maui and Keawakapu Beach are located at the far southern end of South Kīhei Road, bordering the entrance to Wailea.

The mile-long-beach is a popular swimming, snorkeling and the perfect location to relax and enjoy the beauty of Maui. Here you are offered the convenience of having all of your needs met at our beachfront property, or venturing out to Wailea (less than 5 minutes away). Just north of the Mana Kai are the bustling activities of Kīhei, popular restaurants, shops, and activities, (which we can happily arrange for you) from seeing waterfalls to whales (seasonal).

What are some of the standout amenities?

We offer a full range of amenities to ensure your stay is all that you expect and more. Free parking, maid service, free Wi-Fi, take a dip in our heated (70 degrees) salt-water swimming pool. Pool towels will be in your unit and available for exchange at the front desk. There are barbecue grills, fitness center, quarters or credit card operated washers and dryers on every floor. We offer beach equipment and bike rental, general store, yoga studio, activity desk. There is also a restaurant and bar coming soon.

What are the rooms like?

At Mana Kai Maui, each of the condominiums are individual owned and have unique features. The [floor plans](#) for the hotel, 1-bedroom, and 2-bedroom, are the same in each condominium. The variety of condo upgrades has created nine different categories, ranging from hotel room to newly renovated Ali'i Condominium. All rooms start on the 2nd floor. All of the condominium category rooms have a private *lānai* (patio) with fabulous views of the sandy beach of Keawakapu.

The hotel rooms are perfect for budget-minded travelers, short stays (minimum 3-nights), and for those on the go who are mostly interested in Mana Kai Maui's pristine beachfront property. It offers king size bed, mini refrigerator, microwave, coffee maker and more.

The Ali'i Ocean View one- and two-bedroom condominiums are recently renovated and remodeled with new contemporary furniture and accented with Hawaiian artworks. All feature private *lānai* with incredible views of the mile-long sandy beach of Keawakapu and sparkling blue Pacific. All Mana Kai Ali'i class condos are air conditioned, have quartz stone kitchen/bathroom counter tops, slate/stainless steel appliances, USB port on the night stand table, and most have converted to shower stalls.

Who is this property ideal for?

The Mana Kai Maui *'ohana* strive to preserve the *aloha* spirit. Our guests have been returning for many years. Some even returning since the year we opened in 1973. Generations of visitors return annually and are greeted with *aloha* by their names. Just as our visitors return year after year, we have the good fortune of retaining a long-time staff with a handful of employees with 20+ years of service. It is this familiarity that embraces the soul and spirit of the Mana Kai Maui where true *aloha* lives.
