Waimea Plantation Cottages

9400 Kaumuali'i Highway, Waimea | Kaua'i | waikikimalia.com

How would you describe the resort?

These charming cottages offer families a unique accommodation choice on Kaua'i. Each cottage offers a fully equipped kitchen and a private outdoor lānai. Bursting with exotic tropical flowers, fruit trees, and lush foliage, guests enjoy a peaceful, quiet setting with enchanting sunsets, and due to little-to-no light pollution, an astounding star show at night. Nearby the resort, two of the most stunning natural attractions dominate the West side of Kaua'i, Waimea Canyon with its orange and vermillion cliffs lining the steeply cut canyon, and the Nāpali Coast where miles of verdant craggy cliffs dive straight down into the ocean.

What are the rooms like?

Choose from a 1- to 5-bedroom oceanfront, ocean-view, or garden-view cottage. A fully equipped kitchen allows you to stock all your favorite foods—especially helpful with young children. Casual island-style furnishings, refrigerator, oven/stove, coffee maker, and microwave allow you to relax in contemporary comfort.

Among the 59 cottages, four special homes in the Premier Cottage Collection will sleep 6-10 guests each. Guests staying in the stunning 5-bedroom oceanfront Manager's House, 5-bedroom craftsman-style Kruse Cottage, the 4-bedroom oceanfront Jean Faye-Burns Cottage, and the very private, 3-bedroom oceanfront Bev Johnson's Hale, have full access to all the resort's amenities.

What are some of the standout amenities?
